APPLICATION FOR CERTIFICATION AS A DISTRIBUTED)

DOCKET No. 13-0607

GENERATION INSTALLER UNDER SECTION 16-128A)

OF THE PUBLIC UTILITIES ACT AND 83 ILL. ADM.)

CODE 468)

VERIFIED STATEMENT OF A. OLUSANJO OMONIYI

My name is A. Olusanjo Omoniyi and I am employed by the Illinois Commerce Commission as a Policy Analyst in the Telecommunications Division. I graduated from Southern Illinois University at Carbondale with a Bachelor of Arts degree in Cinema & Photography and Bachelor of Science degree in Radio-Television in 1987. In 1990, I obtained a Master of Arts degree in Telecommunications and a Juris Doctor in 1994 also from Southern Illinois University at Carbondale. Among my duties as a Policy Analyst is to review Applications for Certification filed by Distributed Generation Installers and provide recommendation as to their approval.

SYNOPSIS OF THE APPLICATION

The instant Application for Certification as a Distributed Generation Installer (the “Application”) was filed by CENTRAL ILLINOIS WIND & SOLAR. (“CENTRAL ILLINOIS WIND & SOLAR or Applicant”) on November 4, 2013. In the Application, CENTRAL ILLINOIS WIND & SOLAR is seeking certification to install distributed generation facilities pursuant to Section 16-128A of the Public Utilities Act (“Act”) and 83 Ill. Adm. Code 468

(“Section 468”). The purpose of my verified statement is to examine the Application based on the standards enunciated in Sections 468.50, 468.60, 468-80 and 468.110 of 83 Ill. Adm. Code 468 (“Section 468”) and Section 16-128A of the Act.

I. APPROVAL UNDER SECTION 468

A. REQUIRED APPLICATION INFORMATION (Section 468.50)

In accordance with 83 Ill. Adm. Code 468.50 (“Section 468.50”), the Applicant provided required information such as: the Applicant’s name (including d/b/a), street address, telephone number, facsimile number, website and e-mail addresses; contact information and other pertinent information for the persons or entities responsible for issues related to processing of the Application and the Applicant’s applicable federal employer identification number (FEIN) or taxpayer identification number (TIN). The Applicant also states it will comply with informational and reporting requirements established in Section 468.50. Further, the Applicant agrees to accept service by electronic means as provided in the Commission’s Rules of Practice, 83 Ill. Adm. Code 200.1050. Attached to the Application is an exhibit, which includes information for the person who will perform or directly supervise installations to satisfy the requirements of Section 468.50 which includes:

- a) A copy of the certification of satisfactory completion of the relevant training programs; and/or
- b) An Affidavit by each qualifying person attesting to having satisfactorily completed at least five (5) installations of distributed generation facilities that includes the type of each distributed generation facility (wind turbine, fuel cell, natural gas generator, etc.)

B. CERTIFICATION REQUIREMENTS (Section 468.60)

The second issue that needs to be addressed by the Commission in approving or rejecting an application for certification of DG installers is to ensure that an Applicant certifies that it will meet the five (5) requirements in Section 468.60 which in pertinent part states that:

- a) It will remain in compliance with all applicable laws and regulations and Commission rules and orders, including, but not limited to, the requirements of Sections 16-128(a) and 16-128A of the Act and Section 468.
- b) It will ensure that its employees, agents or contractors, or the employees, agents or contractors of any entity, agent or contractor with which it has contracted to perform those functions within the State of Illinois, shall:
 - 1) Comply with applicable building and electrical codes, including those contained in the NEC;
 - 2) Comply with the distributed generation facility manufacturer's installation instructions;
 - 3) Install only distributed generation facilities that meet recognized industry standards; and
 - 4) Ensure that all obligations required under this Section and Sections 16-128(a) and 16-128A of the Act are met prior to placing into, or returning into, use any distributed generation facility that the certificate holder installed.
- c) It will comply with applicable licensing and municipal bonding requirements to do business in the State of Illinois.
- d) Every installation of a distributed generation facility will be performed only by:
 - 1) A qualified person; or;
 - 2) An electrical contractor who is not a qualified person, provided he/she is directly supervised by a qualified person; or;
 - 3) a person who is not a qualified person but is enrolled in a training program that, upon satisfactory completion, will meet the requirement to become a qualified person, provided he/she is directly supervised by a qualified person.
- e) It is licensed to do business in the State of Illinois.

CENTRAL ILLINOIS WIND & SOLAR's Application was reviewed in accordance with all the five criteria in Section 468.60.

CENTRAL ILLINOIS WIND & SOLAR affirms it will remain in compliance with all applicable laws and regulations and Commission rules and orders, including but not limited to, the requirements of Sections 16-128(a) and 16-128A of the Act and Section 468. In particular, CENTRAL ILLINOIS WIND & SOLAR certifies that: it will ensure that its employees will comply with applicable building and electrical codes and the DG facility manufacturer's installation instructions; will install only DG facilities that meet recognized industry standards and will ensure all obligations under Section 468.60 and Sections 16-128(a) and 16-128A are met before placing into or returning into use any DG facility. Further, CENTRAL ILLINOIS WIND & SOLAR states that it will comply with applicable licensing and municipal bonding requirements to do business in the State of Illinois.

Moreover, CENTRAL ILLINOIS WIND & SOLAR certifies that every installation of a DG facility will be performed by: a qualified person; or in the event an electrical contractor who is not a qualified person is used, the contractor will be directly supervised by a qualified person; or if a person who is not a qualified person but is enrolled in a training program that, upon satisfactory completion, will meet the requirement to become a qualified person, provided he/she is directly supervised by a qualified person. Finally, CENTRAL ILLINOIS WIND & SOLAR affirms that it is licensed to do business in Illinois.

1. **The Affidavits of Installations and Certificates of Installation Training**

CENTRAL ILLINOIS WIND & SOLAR filed a copy of Affidavit of Installations of ten (10) Bergey 10kW Wind Turbines ranging from 80 feet to 120 feet tall by JOHN B. WYSS. Mr. WYSS has also completed ten (10) photovoltaic systems installations ranging from a 2kW system up to a 28.2kW system. Moreover, CENTRAL ILLINOIS WIND & SOLAR presented a Bergey Windpower Co's Certificate of Completion granted to JOHN WYSS which certifies that

he has completed to satisfaction a Bergey Windpower Installation Training Course in March 2010. Bergey Windpower is a manufacturer of residential-sized wind turbines located in Norman, Oklahoma.

In addition, CENTRAL ILLINOIS WIND & SOLAR filed an Affidavit of installations of seven (7) Bergey 10kW Wind Turbines ranging from 80 feet to 120 feet tall by BRIAN K. BARNICK. Mr. BARNICK has completed nine (9) photovoltaic systems installations ranging from a 2kW system up to a 19.74kW system. Moreover, CENTRAL ILLINOIS WIND & SOLAR presented a Bergey Windpower Co's Certificate of Completion granted to BRIAN BARNICK which certifies that he has completed to satisfaction a Bergey Windpower Installation Training Course in March 2010.

The installation experiences documented in these Affidavits indicate that both Mr. WYSS and Mr. BARNICK have satisfied the requirements and standards for both Wind Turbines and Photovoltaic Systems DG Installations as qualified persons with the company.

2. Recommendations

In order for any person to be a qualified person for DG installation on behalf of the certificate holder under Section 468.50(f)(1) and (2), each qualifying person must either have completed relevant training program and/or must file an affidavit showing the person has satisfactorily completed at least five installations of DG facilities such as wind turbine, fuel cell, natural gas generator, etc. The information provided in this Application by CENTRAL ILLINOIS WIND & SOLAR indicates that both JOHN B. WYSS and BRIAN K. BARNICK are qualified as each of them has installed more than five(5) Wind Turbines DG installations. In addition, both JOHN B. WYSS and BRIAN K. BARNICK have also completed more than five(5) Photovoltaic DG Installations. Based on this information both JOHN B. WYSS and

BRIAN K. BARNICK should be designated as qualified persons for both Wind Turbines and Photovoltaic Solar DG installations under Section 468.60(f)(2).

C. RECERTIFICATION REQUIREMENTS (Section 468.80)

In accordance with Section 468.80, each certificate holder shall recertify annually to remain in good standing with the Commission. The recertification involves submission of a recertification report that includes the information required in Section 468.80(c), in particular, the certificate holder must continue to maintain the required qualifications for the service authority in its certificate. In this case, CENTRAL ILLINOIS WIND & SOLAR agrees to submit recertification reports in accordance with annual recertification requirements in Section 468.80.

D. MAINTENANCE OF RECORDS (Section 468.110)

In accordance with Section 468.110, the Applicant shall agree to adopt and follow procedures ensuring that documentation regarding the installation of DG facilities are retained for a period of not less than three calendar years after the calendar year in which they were created. Further, these records are required to be made available, upon request, to the Commission or its Staff on a confidential and proprietary basis. In this case, CENTRAL ILLINOIS WIND & SOLAR agrees to that it will comply with the requirements of Section 468.110.

II. CONCLUSION

In the light of the foregoing facts and review, the Commission should grant at CENTRAL ILLINOIS WIND & SOLAR s Application for certification as a Distributed Generation installer. The Commission should also order CENTRAL ILLINOIS WIND & SOLAR to comply with Recertification Requirements in compliance with Section 468.80. Finally, the Commission

should order CENTRAL ILLINOIS WIND & SOLAR to maintain all the records of the installation of DG facilities for a period of not less than three calendar years after the calendar year in which those records were created.
